

AAVDI combined ANZCVS (Radiology Chapter) Congress 2020

'Advanced Thoracic Imaging and Respiratory Medicine'

Wednesday the 8th of July, The Star Gold Coast, QLD, Australia

Keynote Speakers - **Dr Lynelle Johnson** *DVM MS PhD DipACVIM* & **Dr Rachel Pollard** *DVM PhD DipACVR*

Dr Lynelle Johnson is a Diplomate of the American College of Veterinary Internal Medicine and is a Professor in the Department of Medicine and Epidemiology at the University of California, Davis. Her primary research and clinical interest areas include cardiorespiratory physiology, medicine and pathophysiology. Lynelle is a world-renowned expert in the field of veterinary respiratory medicine.

Dr Rachel Pollard is a Diplomate of the American College of Veterinary Radiology and is a Professor of Surgical and Radiological Sciences at the University of California, Davis. Rachel is renowned for her publications and research involving dynamic fluoroscopic evaluation of the upper gastrointestinal and respiratory tract.

7:30-8 am	Registration
8-8:15 am	Meet the sponsors
8:15-9 am	Brachycephalic airway syndrome – updates and review (LJ)
9-9:45	Videofluoroscopic analyses in brachycephalic airway syndrome (hiatal hernia, reflux) (RP)
9:45-10:15	Imaging evaluation of outcomes after treatment for BAS (RP)
10:15-10:45	Morning tea
10:45-11:30	Airway collapse & bronchomalacia in dogs – updates and review (LJ)
11:30-12:15	Diagnosis of airway collapse using imaging modalities (RP)
12:15-1pm	Canine bronchial disease including bronchiectasis (LJ)
1-2 pm	Lunch
2-2:45	Advanced imaging of canine bronchial disease including bronchiectasis (RP)
2:45-3:30	Eosinophilic airway diseases – updates and review (LJ & RP)
3:30-4 pm	Afternoon Tea
4-5:30 pm	Case discussions (LJ & RP)
5:30 pm	Annual AAVDI AGM
6:30 pm	Happy hour
