

## AAVDI 2022 Annual Congress – Specialist Education Days

AAVDI will hold its 2022 Annual CE meeting on Monday and Tuesday the 11<sup>th</sup> and 12<sup>th</sup> of April, at Mount Lofty House in the Adelaide Hills.

Monday and Tuesday sessions are programmed for Radiologists, Diagnostic Imaging trainees/residents and any interested general practitioners, providing a great opportunity for some professional collegiality, networking and fun. A keynote will be included in the program.

There will be welcome drinks and canapes on Sunday evening to include our GP Education Day (Sunday) attendees and arriving specialists/residents.

There will be a conference dinner on Monday night.

Mount Lofty House is a luxury retreat destination located in the beautiful Adelaide Hills. The estate is located 30 mins from the Adelaide airport and 20 mins from downtown Adelaide. We have selected a boutique location to celebrate our first conference post COVID.

Tuesday sessions will conclude by 12 pm to allow travellers to return to the airport. Tuesday lunch will be included in the conference registration.

This annual AAVDI conference program will feature short case and research presentations from our local specialist community as a way of sharing current research and interesting case material.

All attending radiologists and trainees are encouraged to make a short presentation.

An award will be presented for the best resident presentation.

A full program will be available towards the end of July, when I have confirmed our speakers and presentation topics. Please email me personally ([daviesacvr@gmail.com](mailto:daviesacvr@gmail.com)) if you are planning to attend and are willing to present either an interesting case, case series, brief literature or topic update or research material.

**AAVDI would like to sincerely thank our Gold Sponsor ANTECH Imaging Services for their generous support of this upcoming event. [AIS | Our Services \(antechimaging.com.au\)](http://ais.com.au)**
