

AAVDI 2022 Annual Congress – Specialist Education Days - UPDATE

AAVDI will hold its 2022 Annual CE meeting on Monday and Tuesday the 11th and 12th of April, at Mount Lofty House in the Adelaide Hills.

Monday and Tuesday sessions have been re-programmed to include **Dr Lynelle Johnson** as our keynote speaker and we are extending our conference invitation to include medicine specialists and interested general practitioners as well as our core radiology community.

Lynelle is a Diplomate of the American College of Veterinary Internal Medicine and is a Professor in the Department of Medicine and Epidemiology at the University of California, Davis. Her primary research and clinical interest areas include cardiorespiratory physiology, medicine and pathophysiology. Lynelle is a world-renowned expert in the field of veterinary respiratory medicine.

The program will also feature presentations by our local specialist community on the topic of thoracic imaging and pathology. The program is yet to be finalised however a draft will be available online. *Please join us for an exciting day and a half of updates in advanced thoracic imaging and respiratory medicine.*

There will be welcome drinks and canapes on Sunday evening to include our General Practitioner Education Day (Sunday) attendees and arriving specialists/residents.

There will be a conference dinner on Monday night.

Mount Lofty House is a luxury retreat destination located in the beautiful Adelaide Hills. The estate is located 30 mins from the Adelaide airport and 20 mins from downtown Adelaide.

Tuesday sessions will conclude by 12 pm to allow travellers to return to the airport. Tuesday lunch will be included in the conference registration.

If you are planning to attend and are willing to present either an interesting case, case series, brief literature or topic update or research material please get in contact (daviesacvr@gmail.com) and I can include you in the program. Resident research material is welcomed.

AAVDI would like to sincerely thank our Gold Sponsor ANTECH Imaging Services for their generous support of this upcoming event. [AIS | Our Services \(antechimagingservices.com\)](http://ais.com.au)
